I have understood that this is a strict Monotype-class and I declare that my XV is in full compliance with all official rules.

I also understand and accept the first important section of the Class rules (1.1, 1.2 and 1.3):

1.1 The intention of these rules is that the ice yachts shall be as alike as possible in all respects affecting speed and ease of handling in order that racing success shall depend on the skill of the crew.

1.2 Except where these rules specifically permit variations, ice yachts of this class shall be alike in hull form, construction, weight and weight distribution, rigging spars, runners and sail plan.

Note: In deciding whether an item is permitted it should be noted that, in a One-Design Class, unless the rules specifically state that something is permitted, it shall be assumed to be prohibited.

1.3 These rules are complementary to the plans. Any interpretation shall be made by the international Monotype-XV Ice Yacht Racing Association.
